

HUBERHOF

A Place to Arrive

280 days of sunshine a year, breathtaking panoramic views, and absolute tranquility: Welcome to the Huberhof, where stunning scenery meets heartfelt hospitality. Our hotel is located at 1,300 meters above sea level – just below the mountain village of Maranza – offering unobstructed views of the Peitlerkofel, the Geisler peaks, the Schlern, and stretching down into the Eisack and Puster valleys. Particularly magical: sunrise over the Puster Valley and sunset above Maranza.

Your Hosts

We, Verena and Jonas Oberhammer, run the Huberhof with great passion – now in the third generation. Our greatest goal is to give you an unforgettable holiday experience.

With our all-around 360° service, we combine everything your heart could wish for: a warm, family-like atmosphere, culinary delights crafted from our own farm products, and a wellness oasis that pampers both body and soul in equal measure.
